Subject: Mining Activity Acknowledgment, Holliday Construction, Lime Ridge Mine,
M/037/0081, San Juan County, Utah

Dear Mr. Holliday:

On August 18, 2016, the Division of Oil, Gas and Mining received an annual progress report for the year 2016. As per a telephone conversation with Mike Bradley, the Division understands that the mining work indentified on the annual report actually extended back in to 2015. This letter is to acknowledge receipt of the report and to document that mining activity has happened within the past five years.

Based on this information, the Division rescinds the Division Directive to notify the Division of a period of inactivity exceeding five years. In the future, please submit annual reports that accurately indicate the amount of material mined and the disturbed acreage figures required to avoid any confusion regarding periods of inactivity.

Thank you for your attention to these matters. Please contact Mike Bradley at 801-538-5332 if you have questions concerning the annual report or other requirements of the Minerals Regulatory Program.

Sincerely,

Paul B. Baker
Mining Program Manager
